Professional Summary

I am a graduate of JAMK University of Applied Sciences with a Bachelor of Engineering degree in Information and Communication Technology. I also hold a Bachelor of Science in Biological Sciences from the University of Sri Jayewardenepura, Sri Lanka. I am a dynamic and motivated individual who thrives in challenging environments, committed to contributing to an organization's growth through my knowledge, attitude, and skills. I have hands-on experience working as a Full stack Developer, Business Development Executive and a Data Network Assistant, where I supported network infrastructure, testing, and troubleshooting tasks. In addition, I have programming experience in various languages and tools, further enhancing my ability to solve complex technical problems. My thesis is based on Data Analytics and Machine Learning. My unique academic background combines engineering and technology with molecular biology, genetics, ecology, biostatistics, and bioinformatics, equipping me with a multidisciplinary perspective. With this diverse expertise, I am confident in my ability to contribute meaningfully to your team and help drive organizational success.

Skills

- API
 - RESTful Web Services
 - DHCP/DNS Configuration
 - Postman
 - Protocol Analysis (Wireshark)
 - SIEM (Security Information and Event Management)
 - Kali Linux
 - Elasticsearch
 - Logstash
 - Kibana
 - Network Security
 - Network Hardware Support
- DHCP, TCP/IP protocols
 - Documentation & Reporting
 - Python
 - Docker
 - GCP
 - React.js, Node.js, MongoDB
 - Basic shell scripting and automation
 - OOD - .NET/C#
 - MS.Office Package
 - SQL
 - Figma
 - Linux
- Android Development
 - Mobile Development
 - Web Development
 - Data Structures and Algorithms
 - Biology and chemistry (BioInformatics, BioStatistics)
 - Powershell
 - Agile Methodologies
 - Continuous Integration and Continuous Deployment (CI/CD)
 - Javascript
 - GitHub
 - Gitlab

Languages

- English - C2 (fluent)
- Finnish - A2 (intermediate)
- Sinhala - Native
- Hindi - Speaking only

Professional Experience

Full Stack Developer - Internship

September 2025 - March 2026

Katch | Helsinki, Finland

- Identify, analyze, and fix bugs in web or mobile applications.
- Debug front-end and back-end issues to improve application performance and stability.
- Assist in resolving UI/UX issues and functional errors reported by users and QA teams.
- Design and implement user interface components based on design guidelines or mockups.
- Improve existing UI elements to enhance usability and responsiveness.
- Ensure cross-browser and cross-device compatibility.
- Support development and maintenance of server-side logic and APIs.
- Collaborated with the development team using version control tools.

React.js, SCSS, Firebase, GitHub, CI/CD Integration

Data Network Assistant

May 2024 - October 2025

JAMK University of Applied Sciences | Jyväskylä, Finland

- Testing configurations of the network.
- Maintain user access permissions and support VPN and firewall configurations.
- Conduct basic tests of network hardware and software.
- Assist in monitoring network traffic to identify bottlenecks or performance issues.
- Help with the deployment of new subnets or network expansions.
- Testing DHCP, DNS, TCP/IP protocols, HTTP testing using Wireshark as a tool.

Linux, Basic shell scripting, CCNA, DHCP, DNS, TCP/IP

Business Development Executive - Product Development and Technical Sales

Dec 2019– Aug 2023

Hayleys Aventura (PVT) Ltd. | Colombo, Sri Lanka

- Achieving new projects for innovative products and technologies, with a focus on target revenue and gross profit.
- Introducing new innovations, technologies, products, and trends to the market.
- Supporting collaboration between clients and overseas suppliers.
- Procuring new clients.
- Negotiating with suppliers to secure the most competitive prices.
- Reviewing client feedback and implementing necessary changes.
- Engaging with overseas suppliers to ensure continuous support for clients.
- Attending technical training sessions with overseas suppliers.
- Arranging and delivering technical and sales presentations for internal teams as well as external customers.

Sales Assistant

Jan 2015– Dec 2019

Queens Mobiles | Kiribathgoda, Sri Lanka

- Gain New Orders for Mobile Phones.

Education

Bachelor of Engineering in Information and Communication Technology
Jyväskylä University of Applied Sciences (JAMK) – 2023 - 2026
GPA - 4.58

Bachelor of Science in Biological Science
University of Sri Jayewardenepura – Graduated in 14th December of 2018
GPA - 3.04
Second Lower Class Division

Certifications

- BIP Data Mining Challenge in Fulda, Germany - Third place
- Beginner Level passed for Cisco Packet Tracer course from Cisco Networking Academy
- Certification of completion of ABC of data protection for public administration personnel
- App Building Onramp
- Deep Learning Onramp
- Machine Learning
- Machine Learning Onramp
- MatLab Fundamentals
- MatLab Onramp

Projects

Thesis - Data collection and Analysis of an Autonomous Robotic System - Data Mining and Machine Learning Approaches for Optimizing Battery Performance

Jyväskylä University of Applied Sciences (JAMK) – Individual project

- Thesis is based on data analytics and machine learning of an autonomous robot vacuum cleaner and discuss about how to optimize its battery performance through obtained data.
- Permanent Institutional Link:<https://www.theseus.fi/items/f264b031-760a-46ff-ab34-981fbb7536f7>

Cyber Security Projects

Jyväskylä University of Applied Sciences (JAMK) – Group project

- Cyber threat information and data analytics projects
- Handling vulnerability tests with Kali Linux
- Analyzing network traffic with Wireshark
- Using SIEM tools like Elasticsearch, Logstash, and Kibana for security information and event management.
- Completed **PwnLab:init** Challenge in VulnHub.
- Made threat reports of a hypothetical cyber incident and done cyber exercises with kali linux.

Future Factory Project

Jyväskylä University of Applied Sciences (JAMK) – Group project

- The project is related to real working life project.
- Participated in JAMK's multidisciplinary Future Factory initiative focused on solving real-world business challenges provided by external clients.
- Assigned as Developer in a student team tasked with the design, development, and maintenance of a PrestaShop-based website for a real client.
- Responsibilities included:**
 - Developing and implementing key features of the team website.
 - Addressing and resolving bugs as part of the bug fixing epic.
 - Collaborating with team members across disciplines in agile sprints.
 - Engaging with client feedback to iteratively refine and improve deliverables.
 - Delivered working software in line with client expectations, demonstrating professional-level technical and teamwork skills in a real-world context.
 - Course mainly based on project management.
- Role: Developer | Credits: 10 ECTS | Grade: 5 (Excellent)

Shopping basket

Individual Project

- Developed E-Commerce website frontend with React.js and react frameworks and google firebase.
- <https://jayani-app.web.app/>

DOPC

Individual Project

- Developed delivery order price calculator with React

Launch Map

Individual Project

- Developed map with android studio and kotlin.

Calculator

Individual Project

- Developed horizontal and vertical calculator with android studio and flutter.

My Portfolio

Individual Project

- Developed my own portfolio with React.js and Javascript frameworks.
- <https://jayani-kothalawala.vercel.app/>

Bookstore

Individual Project

- Integrated Firebase Realtime Database into a React/Vite Bookstore app.
- <https://console.firebase.google.com/u/0/project/bookstore-9178a/database/bookstore-9178a-default-rtdb/data/~2F>

Achievements

- Vice Secretary - Plant Bio Technology club in University of Sri Jayewardenepura.
- IELTS 6.5 Overall Band Score 6.5 (Reading - 7.0, Listening - 6.5, Speaking - 6.5, Writing - 6.0)
- English Essay Competition - Zonal and School Championships
- IWMS and WENDY WHATMORE ACADEMY MERITS and HONOURS
- Championships in All-Island, District wise & School Table Tennis Competitions.
- Degree Tutor at JAMKO - Organization by Jyväskylä University of Applied Sciences.
